EDUCATION

University of the Immaculate Conception

Bachelor of Science in Information Technology

Relevant Coursework: Database Management Systems, Software Engineering, Web Development, Data Structures and Algorithms, Computer Networks, Human-Computer Interaction, Systems Analysis and Design, Cloud Computing Fundamentals

Academic Project:

- Graduate School Honorarium Tracking System – Developed a system for our school's Graduate School Office to streamline honorarium requests, approvals, and disbursement tracking, reducing processing delays and improving transparency.
- Immaculate Times Digital Magazine Platform – Spearheaded the creation of the organization's first digital magazine hub, integrating content workflows, role-based access, and centralized creative outputs.

ACADEMIC PROJECTS & LEADERSHIP

Graduate School Honorarium Tracking System

Project Manager

- Led the development and overall project execution of a system designed to streamline honorarium requests, approvals, and disbursement tracking
- Coordinated team tasks, timelines, and deliverables to ensure successful system implementation
- Improved administrative efficiency, reduced delays, and enhanced transparency in financial processes

Lagoy (Eco-Tourism Coordination Platform)

Project Manager

- Spearheaded the development of Lagoy, a platform designed to improve access and coordination in remote tourism destinations
- Managed cross-functional team operations, including planning, validation, and system design
- Collaborated with local government stakeholders (Manay LGU) to validate problem-solution fit and explore pilot deployment
- Defined core platform features such as itinerary generation, service coordination, and user role integration
- Led project presentations for incubation opportunities and strategic partnerships

Immaculate Times Digital Magazine Platform

- Spearheaded the creation of the organization's first digital magazine hub
- Designed structured workflows and role-based access to streamline content production
- Centralized publication processes to improve collaboration and efficiency

WORK EXPERIENCE

Concentrix | Lanang, Davao City

Customer Service Representative | May 2021 to December 2021

- Handled order-related inquiries including billing, product damages, replacements, and refunds,

ensuring accurate resolution and a high customer satisfaction rate.

- Assisted customers with account concerns while maintaining professionalism and empathy in every interaction.
- Consistently met performance targets in call handling, issue resolution, and compliance standards.

VXI | Ecoland, Davao City

Account Associate II | January 2022 to June 2023

- Provided billing support for internet and cable services, ensuring clarity and accuracy of charges for customers.
- Delivered technical troubleshooting for connectivity and device issues, resolving cases efficiently to reduce repeat calls.
- Specialized in upselling and cross-selling phone upgrades, service plans, and add-ons, consistently exceeding monthly sales targets.
- Recognized for balancing customer care with sales goals.

LEADERSHIP & OTHER AFFILIATIONS

NSTP - Civic Welfare Training Service | Davao City

Student Volunteer | July 2023 to May 2024

- Designed and facilitated computer literacy workshops for 54 grade 6 students, equipping them with basic skills in internet navigation, productivity tools, and online safety.
- Coordinated with fellow volunteers to deliver seminars on responsible digital citizenship, encouraging proper use of social media and technology for learning and community growth.
- Assisted in organizing community outreach activities, including donation drives and school support programs, fostering stronger ties between the university and the adopted community.
- Acted as one of the lead facilitators, ensuring lesson plans, schedules, and teaching materials were prepared and effectively delivered.
- Collected feedback from students and teachers to evaluate program effectiveness and recommend improvements for future civic engagement initiatives.
